19.6 Presidential proclamations also call for the flag to be flown at half-staff on Pearl Harbor Remembrance Day (December 7) and Patriot Day (September 11).

Governors of U.S. States and territories are authorized by federal law to order all U.S. and state flags in their jurisdiction flown at half-staff as a mark of respect for a former or current state official who has died, or for a member of the armed forces who has died in active duty.

The Governor's authority to issue the order is more restricted than the President's and does not include discretion to issue the order for State residents who do not meet the criteria stated. Since a Governor's Executive Order affects only his or her state, not the entire country, these orders are distinguished from presidential proclamations.
