HARBORMASTER REPORT

Update on marina operations: moorage occupancy, rules compliance, new issues, suggested topics for MC discussion, etc., and current project updates.

1. Dock Captain Duties – review.
2. Moorage sub-leasing rules – review.
3. Shore power GFI modification – installation of three (3) new modules.

OLD BUSINESS

1. **Future Marina Upgrades** – Develop project plan, timeline and cost estimates (**Status: John S., Scott T. and David F.**)
Background: The Board has approved a scope of work agreement with Anchor QEA in the amount of approximately \$210,000. The agreement for consulting and support services will occur over the next 2-3 years and will address harbor bank reinforcement, piling replacement, ramp and gang way replacement, fuel dock and fuel tank replacement, entry channel and harbor basin dredging, marina dock grounding, launch ramp replacement and related permits and testing. Wilson Engineering has completed a channel and harbor bathymetric survey; initial permit applications have been submitted to Anchor QEA for review and completion and the boat ramp replacement permit application has been submitted to the appropriate agencies. Initial and revised project cost estimates have been provided by Anchor QEA but further review, analysis and discussion with Anchor QEA is required. In 2/2026 ProHNS was awarded the engineering contract for the boat launch repair. See previous agendas and minutes for a more extensive background.
